

Recommendation Letter

To whom it may concern:

It was a real pleasure working with Fuad Nasser Aldeen as a Software Developer for about 14 months (2021 – 2022) being his team's Software Technical Expect at Amdocs Israel.

During the mentioned period Fuad has shown excellent technical skills, high professionalism and positive attitude, and proved to be highly motivated, hard-working individual who consistently arrives on time, and shows great dedication towards his professional duties.

Fuad is a team player, always looking to expand his skill set and willing to assist and share the knowledge with his teammates, and other teams members.

I consistently received a great feedback from the people who worked with him, we would be happy to have him again in our future projects, as he has proven himself as an asset and very valuable member for the project and his team members.
